Motivated software engineer, I have extensive experience in Flutter, HTML5, CSS3, and JavaScript. I'm dedicated to designing user-friendly interfaces. My passion lies in creating visually appealing and functional websites with a focus on UI/UX design. Additionally, I am well-versed in Java and have hands-on experience working with Android Studio. I am eager to bring my technical skills and design knowledge to a challenging and dynamic environment where I can continue to grow and make a positive impact.

Technical Skills

Flutter development, Frontend, Backend developer, UI/UX, Android Studio, Node js, Java development, C++, SQL, UML Diagram analysis, Git

Experience

Web Developer Internship – Derwaza IT

July 2023 – Aug 2023

Conducting business and system analysis focused on accessibility in the E-learning platforms, I collaborated in GitHub with my co-workers to develop a website for an E-learning platform using the MERN stack. This approach included designing aesthetic interfaces in Figma for seamless user experiences.

Projects

Meel Thaki (Senior project)

Dec 2023

Developed an application facilitating delivery operations by importing customer locations, optimizing routes, and automating real-time status updates. Customers can track their deliveries in real time for enhanced user experience.

LoveTech – <https://mohammed-alekhwan.github.io/LoveTech/>

Feb 2023

I created Lovetech, a website with an impressive frontend built using HTML, CSS, and JavaScript. It features a sleek design, interactive elements, and fast loading times. Lovetech demonstrates my expertise in front-end development and dedication to delivering outstanding web experiences.

World of Games – <https://github.com/Mohammed-Alekhwan/World-Of-Games>

Dec 2021

World of Games is software similar to Steam, developed using NetBeans Scene Builder. It offers a user-friendly interface for seamless and enjoyable gaming experiences. Users can easily discover and play their favorite games on this platform.

Education

Bachelor's in Software Engineering – University of Jeddah
GPA: 4.96 – First Class Honor

Aug 2019 – Dec 2023

Languages

Arabic – Native speaker
English – Full professional Proficiency
